

Finding financial peace of mind with insurance

Together, let's protect what matters to you

Your financial health can significantly impact your general well-being. It's important to be mindful and build a strong financial strategy. This is an ongoing process as our needs change and we should revisit our goals for our finances regularly.

Proper insurance coverage is a critical part of your financial picture – yet is often neglected. Insurance helps protect your lifestyle and assets, preparing you for the unexpected. Insurance also provides peace of mind and a sense of security, allowing you to focus on enjoying your life.

While insurance is a vital risk management tool, at times it may seem complex. As your insurance agent, I will work closely with you, taking the time to understand your needs. I will simplify insurance jargon and provide guidance on how to best protect what matters to you.

It's time for you to experience the Dumfries difference. I would be delighted to talk and answer any questions.

Your home is likely your most valuable asset. Make time to review your homeowner policy and ask yourself these questions:

1) CUSTOMER EXPERIENCE

- Are you happy with your current insurance company or broker?
- Do you feel valued and served with care?

2) LIFE CHANGES

- Have you set up a home-based business?
- Has anyone left (or joined) your household?

3) DWELLING COVERAGE

- Is your dwelling insured for its replacement cost?
- Have you made recent changes to your dwelling?

4) PERSONAL PROPERTY

- Do you have an inventory listing of your contents?
- Are you aware of any special limits on your policy?
- Are there any new items that need to be added to your policy?
