

HOIST COLLISION EXTENSION ENDORSEMENT

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY FORM

Applicable to Coverage A. Bodily Injury and Property Damage Liability, 2. Exclusions (g) Damage to Property.

This policy is extended to provide coverage for legal liability arising from "property damage" to a hydraulic or mechanical hoist that is leased, rented, or loaned to you, caused by accidental collision of such hoist with another object.

Excluding Insurance against:

1. Loss of use of property;
2. Any loss resulting directly or indirectly from the breaking, burning out of or disrupting of any electrical machine;
3. Loss or damage by fire, however caused;
4. Loss or damage to property carried on the hoist.

The limit of liability for this coverage shall be part of and not in addition to the liability limit for the Commercial General Liability Form as stated on the Declaration.

We shall not be liable for any amount per individual hoist in excess of either:

1. The actual cash value of the hoist at the time the damage occurs; or
2. The limit of insurance for this coverage as stated on the Declaration.

Our obligation under this form applies only to the amount of "property damage" in excess of the deductible amount stated on the Declaration as applicable to this coverage and the limit of insurance applicable to this coverage shall not be reduced by the application of said deductible amount.

If more than one hydraulic or mechanical hoist is insured by this policy, the limit for this extension shall apply separately to each such hoist.

Except as otherwise provided in this endorsement, all terms, provisions and conditions of the policy shall have full force and effect.
