Thank you for completing your home inventory! **MINIMUM COVERAGE NEEDED**

## SPECIAL LIMITS

**Did you know?** Certain types of property have their own distinct amount of coverage. Look for **notes** under the categories inside which indicate items with special limits. Review your policy and talk to your agent to ensure what matters to you is protected.

### WHY COMPLETE THIS

- ✓ Helps you and your agent with valuations to make sure you have sufficient coverage.
- ✓ Helps your agent ensure special limits aren't exceeded on certain property (ie: bicycles, fine art, etc).
- ✓ Would assist you in a claim situation by having the info you need at your fingertips.

### TIPS FOR COMPLETING

1. Take pictures and/or video footage of all of your more valuable possessions. Also, keep the bills, receipts, warranties and instruction manuals for these as they can be proof of ownership.
2. Store your records and receipts in a safe place, such as a safety deposit box or a secure online storage option. Keeping your records off-site is wise in case a fire or flood damages your property.
3. Review your home inventory at least once per year and advise your agent when you renovate or make major purchases. The value of your possessions will change over time.
